## EDUCATION & TRAINING

---

- 2018 - **Harvard University**  
NIH Postdoctoral Research Fellow, *Mentor*: Dr. Daniel Schacter
- 2018 **Duke University**  
Ph.D., Cognition & Cognitive Neuroscience
- 2015 **Duke University**  
M.A., Cognition & Cognitive Neuroscience
- 2012 **Davidson College**  
B.S., Psychology with Neuroscience Concentration  
*magna cum laude* with departmental honors, Phi Beta Kappa

## RESEARCH INTERESTS

---

I study memory and judgment across the lifespan, with a specific focus on cognitive “shortcuts” people use to evaluate truth. My research identifies ways that young and older adults come to believe things that are not true, from fake news to common superstitions.

## MENTORING

---

In the past five years, I mentored **12 research assistants**. I am currently supervising two thesis students, Catherine Ho (2019 [PRISE](#) fellow, 2020 [HCRP](#) fellow) and Jenna Lang (2020 [BLISS](#) fellow).

2020 Mentor, PPREP Program | *helping underrepresented students apply to graduate school* 

2019 Certificate in Science Mentoring, *Harvard University* 

2018- Mentor, First Generation Harvard Alumni | *supporting first-generation Harvard freshmen* 

2018 Honoree, Celebrating Mentors | *senior gift made to Duke in my honor* 

2017-18 Panelist, Supporting Undergraduates at Psychonomics Workshop

2014-16 Mentor, Bass Connections **Aging and Heuristics Team**   
*supervised full-time interdisciplinary summer research and independent study*

## TEACHING

---

- 2018 Certificate in College Teaching, *Duke University* ☞
- 2014-15 Teaching Assistant, *Duke University*  
Research Methods, Developmental Psychology, Alcohol: Brain, Individual, & Society
- 2009-12 Tutor, Math and Science Center, *Davidson College*  
math, biology, chemistry

## SERVICE
